

DEPARTMENT OF EPIDEMIOLOGY 2019 SPRING SEMINAR

Thursday, March 28

12:00 — 12:55 pm , G23 Public Health Auditorium

**COPD-Related Osteoporosis:
Understanding the Link between the Lung and
Skeletal System**

Jessica Bon Field, MD, MS

Associate Professor of Medicine, Division of Pulmonary, Allergy & Critical Care
Medicine, Dept. of Medicine, University of Pittsburgh School of Medicine,
VA Pittsburgh Healthcare System

Dr. Bon Field's academic and research interests focus on the investigation of musculoskeletal comorbidities in chronic obstructive pulmonary disease. Among other projects, she is the Principal Investigator of the R01 grant "Autoimmunity and Emphysema and Risk of Osteoporosis in Smokers." In addition to her Associate Professorship at the School of Medicine, she is the Director of the Pulmonary Function Lab at VA Pittsburgh Healthcare System.
