Results of the Testosterone Trials

September 7th
John M. Jakicic, PhD
Distinguished Professor and Chair, Department of Health and Physical Activity
Director, Healthy Lifestyle Institute

MoTrPAC: Investigating the Underlying Mechanisms of Physical Activity on Health

September 14th
Donald S Burke, MD
Dean of the University of Pittsburgh Graduate School of Public Health

** School-Wide Lecture – All Faculty, Students and Staff Invited **

Forecasting and Deflecting the Opioid Overdose Epidemic Curve
(An update on research activities at Pitt Public Health)

September 21st
David D. Salcido, MPH, PhD
Research Assistant Professor of Emergency Medicine, University of Pittsburgh School of Medicine

Cardiac Arrest, Resuscitation and the Opioid Epidemic

September 28th
Panagiotis (Takis) Benos, PhD
Professor and Vice Chair, Department of Computational and Systems Biology, Professor, Department of Biomedical Informatics, Professor, Department of Computer Science, Associate Director, Integrative Systems Biology PhD Program, University of Pittsburgh

Multi-modal Data Integration and Causal Inference for Systems Medicine

October 5th

Epi in Action! Student Poster Presentation Symposium
*O’Hara Student Center, 2 floor Ballroom -12-2pm*

October 12th
Daniel Edmundowicz, MS, MD, FACP, FACC
Chief, Cardiology, Temple University Hospital, Professor and Vice Chair of Program Development, Department of Medicine, Lewis Katz School of Medicine, Temple University, Medical Director, Temple Heart & Vascular Institute

Non Invasive Markers of Subclinical Atherosclerosis: The State of the Science
DEPARTMENT OF EPIDEMIOLOGY FALL 2017 SEMINAR
G23 Parran Hall Auditorium 12:00pm (*Unless Indicated Otherwise*)
This Series brings together current leaders in the field to share the most exciting developments in Epidemiologic Science

October 19th
Aaron Barchowsky, PhD
Professor, Department of Environmental and Occupational Health, Graduate School of Public Health, University of Pittsburgh
Plausible Pathways for Hidden Poison Promoting Cardiovascular and Metabolic Disease Risk: Markers for Environmentally-Derived Disease

October 26th
Julie Downs, PhD
Associate Professor, Social and Decision Sciences, Dietrich College of Humanities and Social Sciences, Carnegie Mellon University
Social Influences on Decision Making

November 2nd
Miguel Angel Martinez-Gonzalez, MD, PhD, MPH
