

## Announcement

Dr. Ching Chun (C.C.) Li, outstanding population geneticist, teacher, defender of the autonomy of science and member of the Faculty of the University of Pittsburgh, Graduate School of Public Health for 52 years, passed away October 20, 2003. C.C.'s life and work had a profound influence on many members of the human genetics community. To honor the memory of C.C. Li, the Graduate School of Public Health and the Department of Human Genetics have established the C.C. Li Lecture Series. The inaugural lecture will be given by Dr. Aravinda Chakravarti, Henry J. Knott Professor and Director, Institute of Genetic Medicine, Johns Hopkins University, a long-time student and colleague of Dr. Li. The lecture, entitled "Genes for Common Diseases: Association Studies", will be presented Friday, April 16, 2004, 3:00 PM in Auditorium G23, Graduate School of Public Health, 130 DeSoto Street, Pittsburgh, PA. A reception will follow. Please join friends, family and colleagues of C.C. in celebrating his work.
