Celebrate 70

70TH ANNIVERSARY ALUMNI REUNION AND BUILDING REDEDICATION

JOIN US!

Pitt Public Health’s more than 6,800 alumni are invited to a celebration marking 70 years since the founding of the school. Established in 1948 in response to the needs of industrial Pittsburgh, the University of Pittsburgh Graduate School of Public Health is committed to realizing the World Health Organization goal that “Health is a state of complete physical, mental, and social well-being and not merely an absence of disease or infirmity.”

In conjunction with this global alumni gathering, the school will hold a rededication ceremony recognizing the completion of our six-year, $80 million “Building for a Healthier World” renovation and expansion project. With this investment in our facilities, the school is uniquely equipped to fulfill our three-component mission of research, education, and service.

Join fellow alumni—outstanding practitioners, researcher scientists, policy-makers, educators, and thought-leaders from around the world—in proudly celebrating 70 years of public health leadership!

REGISTER NOW www.publichealth.pitt.edu/celebrate70

SATURDAY, MARCH 17

8:30 a.m.
Registration and Continental Breakfast
