Career Services

What is your high dream/your low dream? We know that this may still be a work in progress for some...

No matter where you want to go (or where you may need to stop along the way) our Mission is YOUR Success!

We are committed to providing programs and services to help lead public health students to their career destinations and/or advanced training opportunities.
Career Services

How we help you succeed:

1. Skill building
2. Employer development
3. Networking opportunities
Career Services

1. Skill Building

- Career development workshops and events, such as resume writing, interview skills, networking, and job search tips
- Individual career counseling
- Career Services website
- Facebook
Career Services

2. Employer Development

- Pitt Bridges
- Government agencies
- For profit & non-profit entities engaged in public health
- Partnerships with other Pitt schools
- Student and summer employment
- Twitter
- Professional associations (APHA, ASPPH)
Career Services

3. Networking Opportunities

• Career fairs & other events
• Partnerships with other University centers
• LinkedIn
• Alumni Mentors
Pitt Public Health graduates enter a vast array of professional disciplines every year. Here is a sampling of places where our graduates make a difference.
