

CURRICULUM VITAE

NAME: Jessica Griffin Burke
BUSINESS ADDRESS: 130 DeSoto Street
Pittsburgh, PA 15261
412-624-3610
jgburke@pitt.edu

EDUCATION AND TRAINING

Undergraduate

1990	Boston University, MA		General Studies
1991-1994	New York University, NY	BA, 1994	Cultural Anthropology

Graduate

1996-1998	Johns Hopkins Bloomberg School of Public Health, MD	MHS, 1998	International Health
1999-2003	Johns Hopkins Bloomberg School of Public Health, MD	PhD, 2003	Social & Behavioral Sciences

Post-Graduate

2011	NIH-CDC Institute on Systems Sciences & Health Pittsburgh, PA		Agent Based Modeling
2011	Maternal & Child Health Epidemiology Pre-Conference Training, New Orleans, LA		Knowledge Translation
2015	University of Kentucky Links Summer Workshop Lexington, KY		Social Network Analysis
2019	Luma Institute, Pittsburgh, PA		Advancing Innovation through Human-Centered Design

APPOINTMENTS AND POSITIONS

Academic

June 2019 – present	Professor (Tenured)	Department of Behavioral and Community Health Sciences, University of Pittsburgh Graduate School of Public Health
2012 – 2019	Associate Professor (Tenured)	Department of Behavioral and Community Health Sciences, University of Pittsburgh Graduate School of Public Health
2005 – 2012	Assistant Professor	Department of Behavioral and Community Health Sciences, University of Pittsburgh Graduate School of Public Health
2011 – 2012	Site Director, Kellogg Health Scholars Program	University of Pittsburgh Graduate School of Public Health
2009 – 2010	Adjunct Faculty	Department of Health, Behavior and Society, Johns Hopkins Bloomberg School of Public Health
2008 – present	Secondary Appointment	University of Pittsburgh Clinical and Translational Sciences Institute
2005 – present	Assistant Investigator	Magee-Women’s Research Institute and Foundation
2003 – present	Adjunct Faculty	Center for Injury Research and Policy, Johns Hopkins Bloomberg School of Public Health
2005 – 2006	Adjunct Faculty	Department of Population and Family Health Sciences, Johns Hopkins Bloomberg School of Public Health
2004 – 2005	Senior Faculty Research Fellow	Urban Health Institute, Johns Hopkins University
2003 – 2005	Research Associate	Department of Population and Family Health Sciences, Johns Hopkins Bloomberg School of Public Health
2002 – 2005	Adjunct Faculty	Department of Prevention and Community Health, The Milken Institute School of Public

		Health, George Washington University Medical Center
2000 – 2001	Project Director	HIV and Domestic Violence: An Intervention Pilot Study, Department of Health Policy and Management, Johns Hopkins Bloomberg School of Public Health
1998-2002	Research Coordinator	Project WAVE (Women, AIDS and the Violence Epidemic). Department of Health Policy and Management. Johns Hopkins Bloomberg School of Public Health
1997-1998	Visiting Scientist	Research Institute for Health Sciences, Chiang Mai University, Thailand
1995-1996	Exhibit Developer	The Changing Face of Women’s Health, National Museum of Health and Medicine

Administrative Positions & Responsibilities

2017 – present	Associate Dean for Education	University of Pittsburgh Graduate School of Public Health
----------------	------------------------------	--

Responsibilities

- Administration of all educational programs (approximately 650 students in 35 degree and certificate programs and 170 teaching faculty). This includes providing both vision and administrative leadership for new directions in educational programming.
- Implementation of accreditation competency-based education and assessment requirements of the Council for Education in Public Health (CEPH).
- Design and implementation of annual co-curricular programs including “One Book One Community” and “Dean’s Day” student research poster competition (approximately 90 posters)
- Participation in all curriculum committee actions, and serve as the Public Health representative on the university curriculum committee.
- Co-supervision of office staff with the Associate Dean for Student Affairs.

2018 – present	Deputy Director	Center for Social Dynamics & Community Health, University of Pittsburgh Graduate School of Public Health
----------------	-----------------	--

Responsibilities

- Establishment of center as a research and training leader in the field.
- Development of a program to train social dynamics and community health researchers.
- Recruitment of affiliated students and faculty.
- Advertisement of the Center and associated resources.
- Co-Supervision of Center staff with Director.

- Co-developed and co-chairs Modeling of Social Dynamics & Health Behavior Conference held at the University of Pittsburgh University Club, October 2018 (See <https://ctsi.pitt.edu/research-services/core-services/biomedical-modeling/modeling-conference-2018-modeling-social-dynamics-and-health-behavior/>)

2012 – present Associate Chair for Administration Department of Behavioral and Community Health Sciences, University of Pittsburgh Graduate School of Public Health

Responsibilities

- Provision of assistance to Chair on all aspects of departmental management.
- Leadership of external review and strategic planning activities.
- Coordination of events planning (e.g. annual Alumni panel symposium).
- Leadership of several faculty search committees.

2012 – present Director Concept Mapping Institute, Department of Behavioral and Community Health Sciences, University of Pittsburgh Graduate School of Public Health

Responsibilities

- Promotion of concept mapping as a participatory public health research method.
- Provision of technical support for concept mapping research and basic and advanced trainings for those interested in using the method.
- Recruitment of affiliated students and faculty.
- Advertisement of the Institute and associated resources.
- Collaboration with Center Coordinator.

2005 – present Director Community Based Participatory Research & Practice Program, Department of Behavioral and Community Health Sciences, University of Pittsburgh Graduate School of Public Health

Responsibilities

- Administration of certificate program – acceptances, advising, tracking and evaluating certificate students.
- Advertisement of certificate program.

MEMBERSHIP IN PROFESSIONAL AND SCIENTIFIC SOCIETIES

Member, Health Communications Research Group, Universidad de Lima, Peru	2014 – 2018
Member, International Network for Social Analysis	2014 – 2017
Member (Founding), Allegheny County Breast Health Coalition	2012 – present
Member, Behavioral Working Group, Multi-Site AIDS Cohort Study	2007 - 2012

Member, Association of Teachers of Maternal and Child Health (ATMCH)	2006 - 2009
Executive Board Member-at-Large, International Society for Urban Health	2006 - 2008
Member, Society for Public Health Education	2004 - 2008
Member, International Society for Urban Health	2004 - 2014
Member, American Public Health Association	1999 - present

HONORS

Nominee, Provost's Award for Excellence in Mentoring University of Pittsburgh	2017
Nominee, Craig Endowed Excellence in Education Teaching Award University of Pittsburgh Graduate School of Public Health	2011, 2013, 2017
Health Disparities Scholar, Health Disparities Research Loan Repayment Program, National Center on Minority Health & Health Disparities, National Institutes of Health	2003 - 2010
Travel scholarship, National Institutes of Health, Office of Behavioral and Social Sciences Research, 10 th Anniversary: Celebrating a Decade of Progress and Promise June 21 – 22, 2006, Bethesda, Maryland	2006
Delta Omega Honorary Society Inductee, Public Health Alpha Chapter	2003
Travel scholarship, Centers for Disease Control and Prevention, Annual Maternal and Child Health Epidemiology Conference, December 11 – 13, 2002, Clearwater Beach, Florida	2002
Willian Endowment for Excellence in Science, Johns Hopkins Bloomberg School of Public Health	2002
Pre-doctoral Fellowship, Maternal and Child Health Epidemiology Training Grant, Health Resources and Services Administration, Maternal and Child Health Bureau (MCJ-000-106-45)	2001 - 2002
Pre-doctoral Fellowship, Interdisciplinary Violence Prevention Research Training Grant, National Institute of Mental Health, National Institutes of Health (T32 NIMH 20014)	1999 - 2001

University of Pittsburgh Affiliations

Center for Social Dynamics & Community Health (Deputy Director)
 Concept Mapping Institute (Director)
 Public Health Dynamics Lab
 Center for Health Equity
 Opioid Research Interest Group

Health Policy Institute
Center for Global Health
University Center for International Studies
Center for Latin American Studies
University Center for Social and Urban Research

PROFESSIONAL ACTIVITIES

1. Teaching

a. Courses Taught

BCHS 2992: Systems Theories and Approaches (new BCBS course)
Department of Behavioral and Community Health Sciences,
University of Pittsburgh Graduate School of Public Health
Co-Instructor, 1 credit, Fall 2018, Spring 2019
Average Enrollment: 20 students

PUBHLT 2033 Foundation of Public Health (new MPH core course)
University of Pittsburgh Graduate School of Public Health
Primary Instructor, 1 credit, Fall 2018
Enrollment: 83 students

BCBS 2995: Global Perspectives on Women's Empowerment, Gender Equality, and Health
Department of Behavioral and Community Health Sciences,
University of Pittsburgh Graduate School of Public Health
Primary Instructor, 2 credits, Spring 2016, 2017, 2018
Average enrollment: 12 students

BCBS 2610: Introduction to Concept Mapping
Department of Behavioral and Community Health Sciences,
University of Pittsburgh Graduate School of Public Health
Primary Instructor, 1 credit, Spring 2013, 2014, 2015, 2016, 2017, 2018, 2019
Average enrollment: 15 students

BCBS 2511: Independent Study: Women's Health in Rural Appalachian (Jessica Thompson)
Department of Behavioral and Community Health Sciences, University of Pittsburgh
Graduate School of Public Health
Supervising Faculty, 3 credits, Fall 2017

BCBS 2511: Independent Study: Collaborative Filmmaking (Sara Baumann)
Department of Behavioral and Community Health Sciences, University of Pittsburgh
Graduate School of Public Health
Supervising Faculty, 3 credits, Fall 2017

BCHS 2554: Introduction to Community Health (Departmental Core Course)
Department of Behavioral and Community Health Sciences,
University of Pittsburgh Graduate School of Public Health
Primary Instructor, 3 credits, Spring 2014, 2015, 2016, 2017
Average enrollment: 25 students

BCHS 2511: Independent Study: Women's Health in Rural Appalachian (Jessica Thompson)
Department of Behavioral and Community Health Sciences,
University of Pittsburgh Graduate School of Public Health
Supervising Faculty, 3 credits, Spring 2017

BCHS 2511: Independent Study: Visual Methods in Public Health (Sara Baumann)
Department of Behavioral and Community Health Sciences,
University of Pittsburgh Graduate School of Public Health
Supervising Faculty, 1 credit, Spring 2017

CHS 2511: Independent Study: Community Resilience Literature Review (Francesca Flores)
Department of Behavioral and Community Health Sciences,
University of Pittsburgh Graduate School of Public Health
Supervising Faculty, 1 credit, Fall 2016

BCHS 2511: Independent Study: Microfinance and Women's Health (Heather Anderson)
Department of Behavioral and Community Health Sciences,
University of Pittsburgh Graduate School of Public Health
Supervising Faculty, 2 credits, Summer 2016

BCHS 2511: Independent Study: Intersectionality of Gender Queer Theory and Masculinity Theory (Samantha Ciaravino)
Department of Behavioral and Community Health Sciences,
University of Pittsburgh Graduate School of Public Health
Supervising Faculty, 2 credits, Summer 2016

BCHS 2511: Independent Study: Family Planning and Contraceptive Use among Women with Serious Mental Illness: A Literature Review (Cara Nikolajski)
Department of Behavioral and Community Health Sciences,
University of Pittsburgh Graduate School of Public Health
Supervising Faculty, 1 credit, Summer 2016

BCHS 2511: Independent Study: Literature Review of Intimate Partner Violence Disclosure in Clinical Settings (Sarah Zelazny)
Department of Behavioral and Community Health Sciences,
University of Pittsburgh Graduate School of Public Health
Supervising Faculty, 3 credits, Summer 2016

BCHS 2511: Independent Study: Community Resilience Literature Review (Francesca Flores)

Department of Behavioral and Community Health Sciences,
University of Pittsburgh Graduate School of Public Health
Supervising Faculty, 1 credit, Spring 2015

BCHS 2608: Introduction to Community Based Participatory Research
Department of Behavioral and Community Health Sciences,
University of Pittsburgh Graduate School of Public Health
Co-Instructor, 1 credit, Spring 2013, 2014, 2015
Average enrollment: 10 students

BCHS 2511: Independent Study: Advanced Concept Mapping (Cara Nikolajski)
Department of Behavioral and Community Health Sciences,
University of Pittsburgh Graduate School of Public Health
Supervising Faculty, 1 credit, Summer 2014

BCHS 2511: Independent Study: Social network analysis: Applications to health behaviors and practices
(Teagen O'Malley)
Department of Behavioral and Community Health Sciences,
University of Pittsburgh Graduate School of Public Health
Supervising Faculty, 2 credits, Fall 2014

BCHS 2511: Independent Study: Promoting the social-emotional health of young children experiencing
homelessness: A systematic review of literature and practice (Joan Eichner)
Department of Behavioral and Community Health Sciences,
University of Pittsburgh Graduate School of Public Health
Supervising Faculty, 2 credits, Fall 2014

BCHS 2511: Independent Study: Promoting the social-emotional health of young children experiencing
homelessness: A systematic review of literature and practice (Joan Eichner)
Department of Behavioral and Community Health Sciences,
University of Pittsburgh Graduate School of Public Health
Supervising Faculty, 1 credit, Summer 2013

BCHS 2609: Translating Research for Practice
Department of Behavioral and Community Health Sciences,
University of Pittsburgh Graduate School of Public Health
Co-Instructor, 1 credit, Spring 2013
Average Enrollment: 12 students

LAW5134: Transforming Global Health Education into Action
University of Pittsburgh Center for Global Health
Co-Instructor, 3 credits, Spring 2011, 2012, 2013
Average Enrollment: 15 students

BCHS 2559: Community Development Approach to Public Health
Department of Behavioral and Community Health Sciences,

University of Pittsburgh Graduate School of Public Health
Primary Instructor, 3 credits, Spring 2006, 2007, 2009, 2010, 2011, 2012, 2013
Average enrollment: 25 students

BCHS 3508: Advanced Methods in Community Based Participatory Research
Department of Behavioral and Community Health Sciences,
University of Pittsburgh Graduate School of Public Health
Co-instructor, 3 credits, Spring 2010, 2011
Average enrollment: 12 students

BCHS 2509: Social Behavioral Science and Public Health
Department of Behavioral and Community Health Sciences,
University of Pittsburgh Graduate School of Public Health
Co-instructor, 3 credits, Summer 2007
Average enrollment: 40 students

On-line Fundamentals of Health Education and Health Promotion
Department of Health Policy and Management, Johns Hopkins Bloomberg School of Public Health
Co-instructor, 3 credits, Spring 2003, 2004
Average enrollment: 30 students

Health Behavior and Health Education
Department of Prevention and Community Health, The Milken Institute School of Public Health,
George Washington University Medical Center
Primary Instructor, 3 credits, Spring 2003
Average enrollment: 60 students

Fundamentals of Health Education and Health Promotion
Department of Health Policy and Management, Johns Hopkins Bloomberg School of Public Health
Co-instructor, 3 credits, Fall 2002, 2003
Average enrollment: 60 students

b. Other Teaching/Workshops

UNC Health Equity Summer Intensive: Two day Concept Mapping training
University of North Carolina Chapel Hill, June 2019

Introduction to Community Based Participatory Research
University of Pittsburgh Honors College, Health Justice Course, February 2018

Using Concept Mapping: A Research Example
University of Pittsburgh Graduate School of Public Health Qualitative Research Methods Course, March 2013,
2014, 2015, 2016, 2017, 2018, 2019

Enhancing Dissemination and Implementation Research Using Systems Science Methods

University of Pittsburgh Graduate School of Public Health Social Dynamics in Public Health course (BCHS 2990), February 2016, 2017

Introduction to Community Based Participatory Research

University of Pittsburgh, School of Nursing Qualitative Research Methods Course, January 2013

The Context of Women's Health: Intimate Partner Violence and HIV/AIDS

University of Pittsburgh Graduate School of Public Health Epidemiology of Women's Health Course, November 2012

The Context of Women's Health: Intimate Partner Violence and HIV/AIDS

University of Pittsburgh Undergraduate Global Health Course, November 2012

The Context of Women's Health and Health Behaviors: HIV And Intimate Partner Violence

University of Pittsburgh Graduate School of Public Health, Critical Issues In Global Health Course, November 2006, 2007, 2008, 2009, 2010, 2012, 2013

Mixed Methods: Using both Qualitative and Quantitative Research Methods

University of Pittsburgh Graduate School of Public Health: Introduction To Applied Research Course: Lecture, December 2006, 2007, April 2009

Development of a Stage-Based Intimate Partner Violence Intervention

University of Pittsburgh Graduate School of Public Health: Public Health Program Planning Course, March 2006

Socioeconomic Position: Measurement Issues

Johns Hopkins Bloomberg School of Public Health: Issues in Perinatal Research Course, March 2005

Intimate Partner Violence Against Women

Johns Hopkins Bloomberg School of Public Health: Women's Health Course, March 2005

Development of a Stage-Based Intimate Partner Violence Intervention

George Washington University Medical Center, School of Public Health and Health Services: Behavioral Science and Injury Prevention Course, Spring 2002

An Introduction to Qualitative Research Methods: What, When, How, And Why

Johns Hopkins Bloomberg School of Public Health: On-Line Fundamentals of Health Education and Health Promotion Course, Spring 2002

Project WAVE: Needs Assessment and Program Planning

Johns Hopkins Bloomberg School of Public Health: Introduction to Health Education and Health Promotion Course, Spring 2002

Using Qualitative Research to Conduct Needs Assessments

Johns Hopkins Bloomberg School of Public Health: Introduction to Health Education and Health Promotion Course, Spring 2002

Behavior Change Interventions: Application of the Trans Theoretical Model
Johns Hopkins Bloomberg School of Public Health: Foundations of Behavior Change Interventions in Developing Countries Course, Fall 2001, 2002

Qualitative Research Methods and Intervention Development
Johns Hopkins Bloomberg School of Public Health: Fundamentals of Health Education and Health Promotion Course, Fall 2001

What Is Qualitative Research?
Johns Hopkins Bloomberg School of Public Health: Fundamentals of Health Education and Health Promotion Course, Fall 2000

c. Major Advisor for Graduate Student Essays, Theses, and Dissertations

Doctoral Advisees

*Department of Behavioral and Community Health Sciences,
University of Pittsburgh Graduate School of Public Health*

1. Jessica Thompson, PhD student (2016 - present)
Focus: Mixed methods, women's health, rural Appalachia
Funding: National Heart, Lung, and Blood Institute NRSA Individual Predoctoral Fellowship (F31)
Expected Graduation: April 2021
2. Sara Baumann, PhD student (2016 - present)
Focus: Community engaged research, arts-based approaches, menstrual health, global health
Funding: Boren Fellowship (Initiative of the National Security Education Program)
Expected Graduation: July 2019
3. Cynthia Salter, PhD Student (2013 - present)
Dissertation Topic: Qualitative research, Childbirth-related trauma
Funding: Department of Behavioral and Community Health Sciences
Expected Graduation: October 2019
4. Teagen O'Malley, PhD, 2019
Expanding HIV prevention options for women in abusive intimate relationships: Exploring the potential of pre-exposure prophylaxis (PrEP)
Current Position: Research Assistant, Graduate School of Public Health
5. Francesca Flores, PhD, 2018
Community resilience, health and human security: a stakeholder-engaged case study on gang violence and its harmful effects on adolescents in Belize.
Current Position: Associate Program Officer, National Academy of Sciences
6. Cara Nikolajski, PhD, 2018

Contraceptive and family planning experiences, priorities and preferences of women with serious mental illness.

Current Position: Senior Program Administrator, UPMC Center for High-Value Health Care

7. Catrina Virata Jamie, PhD, 2017
Exploratory Research on the Associations of Masculinity and Gender Attitudes related to Sexual Risk Behaviors Among Young Men Involved in the Juvenile Justice System
Current Position: Assistant Professor & Program of Public Health & Health Equity Head, Mills College
8. Collette Ncube, DrPH, 2014
Transgenerational Risk for Low Birth Weight and Preterm Birth: The Role of Biological and Neighborhood Factors In Racial Disparities
Current Position: Assistant Professor, Northeastern University
9. Kamden Hoffmann, PhD, 2013
A Participatory Approach to Physical Activity among People with Severe and Mental Illness
Current Position: Associate II & SBC Team Lead, Breakthrough Research, Population Council
10. Thistle Elias, DrPH, 2012
Beyond Mom: Promoting a Public Health Perspective on Meeting the Needs of “Neglected” Children
Current Position: Assistant Professor, University of Pittsburgh Graduate School of Public Health, Department of Behavioral and Community Health Sciences
11. Renee Walker, DrPH, 2010
Food Desert Verses Food Oasis: An Exploration of Residents’ Perceptions of Factors Influencing Food Buying Practices
Current Position: Associate Professor (tenured), University of Wisconsin – Milwaukee, School of Public Health, Department of Community & Behavioral Health Promotion

MPH Advisees

Department of Behavioral and Community Health Sciences, University of Pittsburgh Graduate School of Public Health

1. Sarah Zelazny, 2017
It’s All in the How: adolescent and young women’s recommendations for establishing comfort within family planning providers’ communication about and assessment for intimate partner violence

Social Dynamics & Community Health course series development Department of Behavioral and Community Health Sciences University of Pittsburgh Graduate School of Public Health Six 1 credit courses; one introductory course and 5 methods specific courses	2015 – present
Global Perspectives on Women’s Empowerment, Gender Equality, and Health course Department of Behavioral and Community Health Sciences University of Pittsburgh Graduate School of Public Health Secured funding from the University of Pittsburgh Global Studies Center Curriculum Development Grant program to support the course development and course instruction for three years.	2013 - 2014
Community Based Participatory Research and Practice course series development Department of Behavioral and Community Health Sciences University of Pittsburgh Graduate School of Public Health Three 1 credit courses; Introduction to Community Based Participatory Research, Research Dissemination and Introduction to Concept Mapping	2012 - 2013

2. Research and Training

a. Grants and Contracts Received

Funding

Pittsburgh Study Concept Mapping

8/1/2018 – 2/28/2019

UPMC Children’s Hospital, prime source: Shear Family Foundation

Role: Principal Investigator

Direct Costs: \$31,018

Objectives: The goal is to use concept mapping methods to engage stakeholders in the identification and of constructs that support children to thrive in Pittsburgh. Results from this project will be used by the larger Pittsburgh Study to inform the development of associated metrics and measurement tools and the use of stages of child development/age appropriate tailored interventions to enhance child wellness.

National Domestic Hotline Services Assessment Framework based on Theory

Department of Health and Human Services (16-233-SOL-00386)

9/30/2016 – 6/30/2019

Role: Co-Principal Investigator with Michelle Harmon (Westat)

Subcontract Annual Direct Costs: \$46,904

Objectives: The National Domestic Violence Hotline (NDVH) operates the Hotline for adults and the youth-focused “loveisrespect” (LIR), responding to victims of domestic violence and their families and referring

victims to community programs in response to the needs of persons affected by domestic violence. This project uses a stakeholder engaged approach and innovative methods (e.g. concept mapping) to develop and test a theoretical framework based on existing behavior change theory that characterizes (1) the needs and requests of those who contact the Hotline and LIR, (2) the services provided by the Hotline and LIR to meet the needs of contactors, and (3) the outcomes for those who contact the Hotline and LIR. The framework to will be used to develop and specify an approach for ongoing evaluation and performance measurement of the Hotline and LIR.

Identifying Ecologically Valid Intervention Opportunities to Reduce Opioid Injection Drug Use in Southwestern Pennsylvania

National Institute on Drug Abuse (1R03DA043373-01)

9/1/2016 – 8/30/2018

Role: Principal Investigator

Annual Direct Costs: \$100,000

Objectives: This planning grant uses a mixed methods approach incorporating spatial analyses of opioid use disorders and overdose hospitalizations and qualitative data from local stakeholders to better understand the spread of opioid injection drug use in the ten counties that make up the Northern Appalachian Region of Southwestern Pennsylvania. The Specific Aims of this proposal are to (1) Characterize the growth and spread of opioid drug abuse, dependence, and overdose and associated co-morbidities (HCV and HIV) over time and space and (2) Identify resources and intervention opportunities associated with opioid drug abuse, dependence, and overdose and associated co-morbidities within one “hot spot” community.

Community Health Needs Assessment 2019

University of Pittsburgh Medical Center

2018

Principal Investigator: Steven Albert (PITT)

Role: Co-Investigator

Total Direct Costs: \$29,681

Objective: Partner with UPMC to follow up on the 2013 and 2016 Community Health Needs Assessments. IRS Notice 2011-52 states that that the CHNA for each hospital facility will need to include a prioritized description of all of the community health needs identified through the CHNA, as well as a description of the process and criteria used in prioritizing such health needs. The assessment blended analysis of documented health and socioeconomic factors with a structured community input survey process for each of the UPMC Pennsylvania-licensed hospitals.

Allegheny County Breast Collaborative (ACBC) Concept Mapping Efforts

Susan G. Komen Pittsburgh

2017-2018

Role: Principal Investigator

Total Direct Costs: \$5,940

Objectives: To in collaboration the ACBC members will conduct a concept mapping project to identify barriers and facilitators to breast health in Allegheny County and to bring ACBC together to review status of collaborative, interpret the concept mapping results and to determine next steps for the collaborative.

Adolescent Behavioral Health Initiative: Needs Assessment

Jewish Healthcare Foundation

1/1/2017 – 8/31/2017

Role: Principal Investigator

Total Direct Costs: \$22,675

Objectives: To assist the Jewish Healthcare Foundation in conducting needs assessment activities related to the Adolescent Behavioral Health Initiative. The ultimate goal of these efforts is to create and advance a community vision for adolescent behavioral health services in Allegheny County. The Initiative is focused on improving access to and accountability for effective services for adolescents (aged 12-20) in Allegheny County experiencing a mental health or substance use crisis.

Social Ecological Context of Use and Overdose in Pennsylvania: A Mixed Methods Study

University of Pittsburgh Graduate School of Public Health

PITT Public Health Advancing Research on Opioid Drug and Heroin Addiction grant program

2016

Principal Investigator: Christina Mair (PITT)

Role: Co-Investigator

Annual Direct Costs: \$24,150

Objectives: This pilot project was designed to (1) Investigate whether hospital discharges due to opioid abuse and dependence and poisoning (overdose) spread across space over time in Pennsylvania, and assess the relative contribution of ecological factors to the growth in opioid-related hospital discharges; (2) Identify high-risk ZIP codes in Pennsylvania; and (3) Use a community engaged needs assessment approach to involve local key stakeholders in identifying and illustrating resources, risk factors, and intervention opportunities within the highest risk region.

Allegheny County Breast Collaborative (ACBC) Part 2

Susan G. Komen Pittsburgh

2015 –2016

Role: Principal Investigator

Annual Direct Costs: \$4,400

Objectives: (1) Continue to support and nurture the Allegheny County Breast Collaborative by facilitating pilot data collection, analysis and knowledge transfer activities related to breast cancer disparities in the region; (2) Identify high-risk ZIP codes in Allegheny County.

Community Health Needs Assessment 2016

University of Pittsburgh Medical Center

2015-2016

Principal Investigator: Steven Albert (PITT)

Role: Co-Investigator

Total Direct Costs: \$22,362

Objective: Partner with UPMC to follow up on the 2013 Community Health Needs Assessments. IRS Notice 2011-52 states that that the CHNA for each hospital facility will need to include a prioritized description of all of the community health needs identified through the CHNA, as well as a description of the process and criteria used in prioritizing such health needs. The assessment blended analysis of documented health and socioeconomic factors with a structured community input survey process for each of the UPMC Pennsylvania-licensed hospitals.

Community PARTners Core of the Clinical and Translational Science Institute University of Pittsburgh

National Institute of Health (UL1 RR024153 and UL1TR000005)
2009 –2016

Principal Investigator: Steven Reis (PITT)

Role: Co-investigator

Total Direct Costs: \$333,073

Objective: The ultimate goal of the Community PARTners Core is to translate research findings into practice and policy as well as to develop sustainable interventions in which the community itself is invested and that will reduce or eliminate health disparities and improve health, wellness, and quality of life.

Exploring Trust in Community-Academic Research Partnerships via Concept Mapping

Multi-site study supported by the National Institutes of Health/ National Center for Advancing Translational Science through the Clinical & Translational Science Award Institutions of University of Arkansas for Medical Sciences (#UL1TR000039), University of California, Los Angeles (#UL1TR 000124), University of Florida (#UL1TR 000064), University of North Carolina (#UL1TR001111), and the University of Pittsburgh (#UL1TR000005)

2013-2015

Principal Investigator: Giselle Corbie-Smith (UNC)

Role: Co-Investigator

Total Direct Costs: \$12,509 Contributed time as part of PITT CTSI

Objectives: This multi-institutional pilot project will address the study aims using a concept method to: *elicit* community members', academicians' and healthcare providers' understanding of trust to identify and define determinants of developing trust within community-engaged partnerships; *prioritize* determinants of trust within community-engaged partnerships and explore the relative importance of each determinant to developing trust in community-engaged partnerships and public trust in research; and *apply* prioritized set of key determinants of trust to guide the development of testable conceptual frameworks illustrating the pathways linking trust within community-engaged partnerships to public trust in research.

Men Embracing Nonviolence and Safety (MEN/S)

Department of Justice

2013 – 2014

Principal Investigator: Judy Chang (PITT)

Role: Co-Investigator

Total Direct Costs: \$6,984

Objectives: This study proposes to perform a deep evaluation of the MEN/S Group program using an ethnographic approach with in-depth interviews with clients, program organizers and facilitators, observations of program sessions, review of program intake and evaluation data, and assessment of client recidivism rates.

Violence Prevention Initiative (VPI)

Richard King Mellon Foundation Grant #6630

2012 –2016

Principal Investigators: Steven Albert and Richard Garland (PITT)

Role: Co-Investigator

Total Direct Costs: \$750,000

Objective: Develop community-based efforts to prevent homicides and retaliatory violence in Allegheny County. The main programs of VPI are the **Homicide Review** and **Gunshot Reoccurring Injury Prevention Services (GRIPS)**.

Microfinance, Borrowing Group Dynamics and Women's Health in Puno, Peru

Hewlett International, University Center for International Studies, University of Pittsburgh

2014 –2015

Role: Principal Investigator

Total Direct Costs: \$2,500

Objective: This pilot project was designed to data examining how health behaviors are further improved by social network characteristics (e.g., density, closeness, size, composition) above and beyond individual-level knowledge, financial stability, and access to health services.

Allegheny County Breast Collaborative (ACBC) Part 1

Susan G. Komen Pittsburgh Small Grants Program

2014-2015

Role: Principal Investigator

Total Direct Costs: \$940

Objective: Support and nurture the Allegheny County Breast Collaborative by facilitating pilot data collection, analysis and knowledge transfer activities related to breast cancer disparities in the region.

WISEWOMAN Evaluation

Pennsylvania Department of Health

2014- 2015

Role: Principal Investigator

Total Direct Costs: \$77,663

Objective: Assist in developing and conducting a project evaluation plan for the WISEWOMAN program: (1) convene stakeholders; (2) create evaluation collection tools; (3) collect and synthesize evaluation data; (4) conduct community scans; (5) share evaluation findings with stakeholders.

It's OK to Ask Someone (IOTAS) Peer-staffed Text Helpline

University of Pittsburgh Clinical and Translational Science Institute

Pitt Innovation Challenge (PInCh) program

2014-2015

Total Direct Costs: \$25,000

Principal Investigators: Christina Mair (PITT) and Katie Horowitz (Planned Parenthood of Western PA)

Role: Co-Investigator

Objectives: Development of (1) a cross-platform mobile application for a peer-staffed text helpline for teens with sexual health questions, (2) a marketing plan and promotional materials and (3) an intervention package which will be offered to other Planned Parenthood affiliates and organizations to replicate the model.

Academic-Community Partnership to Address Maternal and Child Health in Allegheny County

National Institute of Child Health and Human Development (R13HD067818-03)

2010 –2013

Role: Principal Investigator (Angela Ford was PI until she left PITT)

Total Direct Costs: \$90,000

Objective: To develop local capacity for conducting community based participatory research to address maternal and child health issues in Allegheny County and to assess the community's perspective of its own health problems and research priorities through concept mapping sessions.

Community Health Needs Assessment 2013

University of Pittsburgh Medical Center

2012

Principal Investigator: Steven Albert (PITT)

Role: Co-Investigator

Total Direct Costs: \$45,109 (6 month contract)

Objective: Partner with UPMC to develop a “framework” to itemize and prioritize community health needs using a community health needs assessment at each of the UPMC Pennsylvania-licensed hospitals. IRS Notice 2011-52 states that the CHNA for each hospital facility will need to include a prioritized description of all of the community health needs identified through the CHNA, as well as a description of the process and criteria used in prioritizing such health needs. The assessment blended rigorous analysis of documented health and socioeconomic factors with community and stakeholder feedback collected using concept mapping.

Breast Health Academic-Community Research Partnerships

University of Pittsburgh Clinical and Translational Science Institute CBPR Incubator Award

2012-2013

Role: Principal Investigator

Total Direct Costs: \$3,950

Objective: Create academic-community research partnerships to address breast cancer disparities in Allegheny County.

HIV/AIDS and Intimate Partner Violence in India

Hewlett International, University Center for International Studies

2011- 2012

Role: Principal Investigator

Total Direct Costs: \$1,626

Objective: Planning project to develop working relationships with key community members including public health academic researchers, healthcare providers, advocates and HIV positive women and to gain an in-depth understanding of community member perceptions of IPV and HIV/AIDS among women in Hyderabad, India.

Youth Sexual Health and Positive Relationships: Community Pilot Project

Clinical and Translational Science Institute, University of Pittsburgh

2010

Role: Co-Principal Investigator with Vera Kelly (President, Residence Council for Prospect Terrace)

Total Direct Costs: \$25,000

Objective: Community based participatory research project using Visual Voices and in-depth interviews to learn more about sexual health and well-being among youth living in Braddock, PA.

Utilization of Principles of Community Based Participatory Research (CBPR) and Concept Mapping to Foster and Inform Community Engaged Research

American Recovery and Reinvestment Act (ARRA)

National Center for Research Resources, National Institutes of Health

2009 –2012

Role: Co-Principal Investigator with Michael Yonas (PITT)

Total Direct Costs: \$251,054

Objective: To work within two geographically defined communities in Pittsburgh, Pennsylvania and Baltimore, Maryland increase community members' knowledge and comfort in research participation through adoption of principles of Community-Based Participatory Research (CBPR) and to develop a long-term community-based participatory research agenda to address health priority issues.

Budget:

HIV and MSM Intervention Capacity: Development of a Strategic Plan

Pennsylvania State Department of Health

2009

Role: Principal Investigator

Total Direct Costs: \$22,993

Objective: Develop a Pennsylvania state strategic plan to assist in decreasing HIV and STD transmission among diverse populations of for men who have sex with men (MSM).

Patterns of Substance Use Among HIV Positive and Negative Aging MSM

National Institute on Drug Abuse (1R03DA025952-01)

2008-2010

Role: Principal Investigator

Total Direct Costs: \$200,000

Objective: Examine patterns of substance use over time among an existing cohort of HIV positive and negative men who have sex with men (MSM) and to identify the predictors and mediators of those patterns.

Models of Infectious Disease Agent Study (MIDAS)

National Institute of General Medical Sciences (U01 GM070708)

2009 - 2014

Principal Investigator: Donald Burke (PITT)

Role: Co-investigator

Total Direct Costs: \$445,481

Objective: To utilize computational modeling technique to improve the nation's ability to detect, control, or prevent naturally emerging infectious disease threats or intentionally released microbial pathogens.

Exploring Community Unity: An Engaged Approach to Research for Understanding Health and Safety

Clinical and Translational Science Institute, University of Pittsburgh

2008-2009

Principal Investigator: Michael Yonas (PITT)

Role: Co-Investigator

Total Direct Costs: \$23,212

Objective: Utilizing an arts-based, participatory data collection approach to learn about health, wellness and safety with youth and adults living a public housing community in Braddock, PA.

Southwestern PA HIV Needs Assessment

Pittsburgh AIDS Task Force, Jewish Healthcare Foundation, Gilead Sciences, and Forbes Fund

2008 – 2009

Role: Principal Investigator

Total Direct Costs: \$22,783

Objective: To identify unmet needs of HIV positive persons living in Southwestern Pennsylvania.

HIV and Intimate Partner Violence in Pittsburgh: A pilot study

Pilot Grant from EXPORT Health Project at the Center for Minority Health
University of Pittsburgh Graduate School of Public Health funded by NIH/NCMHD
2006 - 2008

Role: Principal Investigator

Total Direct Costs: \$20,000

Objective: To explore experiences of intimate partner violence among HIV positive persons living in Pittsburgh.

Advances in Statistical Analysis Applied to Health Disparities

Maternal and Child Health Bureau, HRSA

2002 – 2007

Principal Investigator: Patricia O'Campo (Johns Hopkins/St. Michael's Hospital)

Role: Co-investigator & Project Director

Objective: To apply multi-level modeling statistical techniques to the exploration of how multiple levels of influence are associated with disparities in perinatal outcomes.

Intimate Partner Violence: Improving Measures for Intervention Research

Centers for Disease Control and Prevention

2004 – 2007

Principal Investigator: Andrea Gielen (Johns Hopkins)

Role: Co-Principal Investigator

Objective: To develop solid stage of change-based intimate partner violence measurement instruments for use in evaluating a stage-tailored intervention program to enhance the safety of abused women.

Community Pathways to Interpersonal Violence (R49/CCR318515)

Centers for Disease Control and Prevention

2000 – 2004

Principal Investigator: Patricia O'Campo (Johns Hopkins)

Role: Co-investigator & Project Director

Objective: To conduct a follow-up study of women who participated in prior study of HIV and violence and to explore the range of individual and community level factors associated with cessation and initiation of IPV.

HIV and Domestic Violence: An Intervention Pilot Study (R03 MH62286-01)

National Institute of Mental Health

2000 – 2001

Principal Investigator: Andrea Gielen (Johns Hopkins)

Role: Co-Investigator

Objective: To conduct formative research for developing a domestic violence intervention for clinical settings serving HIV positive and HIV negative women.

Project WAVE (Women, AIDS and the Violence Epidemic) (5R01MH53821)

National Institute of Mental Health

1996-1999

Principal Investigator: Andrea Gielen (Johns Hopkins)

Role: Co-investigator & Research coordinator

Objective: To compare the history, frequency and severity of interpersonal violence between women at risk for HIV and women living with HIV.

b. Invited Lectureships and Seminars

Increasing Community Participation in Research on Women and Violence: Applications for Concept Mapping. Injury Research Seminar, Johns Hopkins Bloomberg School of Public Health, May 2019

Intersecting crises: Substance abuse + mental health, Community Café seminar, University of Pittsburgh Honors College, April 2019.

Intimate Partner Violence and Microfinance Groups
Global Behavioral and Community Health Research Symposium
University of Pittsburgh Graduate School of Public Health, October 2015

How My Training Prepared Me for an Academic Career in Community Health Research
10th Anniversary Celebration Department of Health, Behavior and Society, Johns Hopkins Bloomberg School of Public Health, September 2015

Women and Global Health: Intimate Partner Violence and HIV/AIDS
Penn State Greater Allegheny, February 2014

Community Engagement in Injury and Violence Prevention Research: Tools and Practice.
Preconference Workshop at National Meeting of the Safe States Alliance and SAVIR, June 2013

After the Assessment: Will Community Health Needs Assessments Improve Community Health? Strengthening Healthcare and Public Health through Collaboration, Coordination and Communication Conference, May 2013

Racial Disparities in Infant Health: Context & Community
Health across the Lifespan: Allegheny County 2012 Conference, December 2012

Keynote: Evidence-Based Community Benefit Programs for Hospitals (co-presented with Everette James and Steve Albert). Hospital Council of Western Pennsylvania Fall Conference and Annual Membership Meeting, September 2012

Visual Voices as a Tool for Engaging Youth
From Genes to Community: Exploring Translational Science in Adolescent Health Research Symposium, University of Pittsburgh, May 2012

Ethical Issues in Conducting Research on Gender-Based Violence
21st Annual Medical Ethics Update 2012: Women's Health: Ethical Issues in Clinical Care, University of Pittsburgh School of Law, May 2012

What Do Intimate Partner Violence Survivors Want from The Service Community?
House of Ruth Maryland, Battered Women's Shelter, Baltimore, MD, January 2012

Urban Health Disparities: Innovative Methods for Uncovering Contextual Influences.
Johns Hopkins Bloomberg School of Public Health, Department of Health, Behavior and Society Noon Seminar Series, November 2009

Innovative and Creative Approaches for Engaging in Community-Partnered Research to Examine Issues Related to Health, Wellness and Safety
Johns Hopkins Bloomberg School of Public Health, Department of Health, Behavior and Society, Injury and Violence Prevention Community Research And Practice Noon Seminar Series, October 2009

Urban Health Disparities: Uncovering Contextual Influences.
University of Pittsburgh Graduate School of Public Health, Dean's Junior Faculty Research Seminar Series, November 2008

HIV/AIDS and Intimate Partner Violence: Intersecting Women's Issue in The United States
World AIDS Day Conference, Ohio Department of Health, December 2007

Syphilis and HIV: Risk Behavior and Intervention Development.
Pa Department of Health Statewide STD/HIV Staff Meeting, November 2007

Uncovering the Neighborhood Influences on Maternal and Child Health Using Concept Mapping.
Magee-Women's Research Institute, January 2007

An Introduction to Concept Mapping as a Participatory Public Health Research Method.
Johns Hopkins Bloomberg School of Public Health, Department of Health, Behavior and Society Noon Seminar Series, May 2006

An Introduction to Concept Mapping as a Participatory Public Health Research Method.
University of Pittsburgh Graduate School of Public Health, Department of Behavioral and Community Health Sciences Noon Seminar Series, February 2005

Neighborhood Context and Intimate Partner Violence: Does Geographic Location Matter?
Johns Hopkins Bloomberg School of Public Health, Gates Institute for Population and Reproductive Health Seminar Series, December 2004

Neighborhood Influences and Experiences of Intimate Partner Violence: Results from Concept Mapping Activities. Johns Hopkins Bloomberg School of Public Health, Department of Population and Family Health Sciences Noon Seminar Series, September 2003
